#### **GENERAL FUND REVENUES**

General Fund revenues for the eleven months ended May 31, 2009 were \$208.6 million. This is an \$18.1 million increase from the revenues received through this period last year, which were \$190.4 million. A significant portion of this increase is the result of a timing difference for VLF Swap receipts as explained below.

Revenues from the three major tax sources (including Sales Tax, Property Tax, and Motor Vehicle In-Lieu), are collectively up \$27.9 million from the prior year. Sales Taxes decreased \$4.8 million, (\$51.0 million last year vs. \$46.2 million this year). Property Taxes, which also include VLF Swap and Sales Tax Swap, increased \$33.7 million (\$70.5 million last year vs. \$104.2 million this year). Of the \$33.7 million increase, at least \$18.3 is due from timing of receipts. \$18.3 million received in June of last year, was received in May of this year. The state continues to repay funds this year also contributing to the increase. Motor Vehicle In-Lieu revenues decreased \$0.7 million (\$2.0 million last year, \$1.3 million this year). Other tax revenue changes from last year were as follows: Business Taxes (\$0.7 million decrease).

Revenues from sources other than taxes, including Charges for Services and Intergovernmental Revenues have decreased (a combined \$1.7 million) from the amounts received through this period in the prior year.

Intra-governmental Revenues, a contra-revenue representing billings to the General Fund from other City departments, is currently at \$10.8 million. Last year, the figure was \$11.2 million. Intra-governmental Revenues may fluctuate month to month but normally approximates projections by year end.

As of May 31, 2009, the City maintained \$16.8 million in cash in the General Fund Emergency Reserve Fund. The use of this cash is restricted until a declaration is made by the mayor and approved by

#### **GENERAL FUND EXPENDITURES BY DEPARTMENT**

| Department                             | Amended<br>Budget | YTD Actual | %   | %<br>Prior<br>Year |
|--|-------------------|------------|-----|--------------------|
| Police Department                      | 138,514           | 123,614    | 89% | 91%                |
| Fire Department                        | 47,378            | 43,173     | 91% | 92%                |

| Total                                      | 253,739           | 226,184    | 89%  | 89%             |

#### **GENERAL FUND EXPENDITURES**

General Fund expenditures through the eleven months ended May 31, 2009 were \$226.2 million. Last year, expenditures were \$227.9 million for the same period. By major department, expenditures for the Police and Fire Departments were \$123.6 million and \$43.2 million respectively. Spending by the Police Department decreased \$1.6 million from the same period last year. Spending by the Fire Department almost exacts the amount spent through the same period last year.

Parks/Recreation increased slightly from last year's spending (\$21.3 million last year, \$21.5 million this year). Public Work's absorbed the largest expenditure decrease for all major departments, from the prior year (\$13.7 million this year, \$15.5 million last year). Other than the City Manager's Office, expenditures for the smaller departments materially approximated the amounts spent in the prior fiscal year. Expenditures for the City Manager's Office have increased \$0.8 million.

By expenditure category, Salaries (including overtime) and Benefits increased \$4.1 million (\$160.0 million vs. \$155.9 million) from the same period last year. This is primarily due to payroll and benefits in the Police Department. Expenditures for Pension Obligation Debt are expected to approximate prior year results. Expenditures for Operations/Maintenance have decreased \$1.6 million, Capital Outlay has also decreased \$1.5 million and Interdepartmental Charges have decreased \$3.1 million, adjusting to budgetary conditions.

#### **ENTERPRISE OPERATING FUNDS**

The enterprise operating funds are achieving varying results through the eleven months ended May 31, 2009. Efforts continue in the area of grant management for those funds relying on grant revenues (Airports, FAX Transit, Housing, Neighborhood Revitalization). To date, FAX/Transit is showing dismal revenue results relative to their budget. The department is continues to examine its revenue streams for possible improvements.

For other departments, the above results above do not reflect trends or patterns in operations since revenues and expenditures are recognized on a cash basis for interim reporting. This can result in material timing differences. Major sources of revenues, including grants, are recorded as revenues when the cash is actually received. However, interim fluctuations for revenues and expenditures tend to level out towards the end of the fiscal year. As noted above, grant revenues are a primary or significant source of revenue for FAX/Transit, FYI Airports, and Housing/Neighborhood Revitalization.

Note: Revenue amounts above include carryover. Since carryover includes encumbrances, some carryover postings can result in significant offsets (even deficits) to current year operating revenues. For example, Sewer's carryover includes \$46.3 million in encumbrances from 2008. Accordingly, current revenues are offset to reflect the "future use of cash to pay for such encumbrances".

# **DEBT SUMMARY**

| Debt Source                       | Pri      | ncipal Outstanding |
|-----------------------------------|----------|--------------------|
| Tax Supported                     |          |                    |
